B. ARPA Disaster Facilities Project.

Laurie Hurner, Deputy County Administrator/Chief of Staff & ARPA Project Manager, presented the ARPA Disaster Facilities Project and requested direction from the Commission.

Ms. Hurner stated that the Bert J. Harris, Jr. Agricultural Center currently serves as a special needs shelter for the County, and she found during Hurricane Irma that the center does not have adequate room. Due to this ongoing issue, Ms. Hurner stated that when the ARPA funds came about, she said they thought this would be a chance to expand disaster facilities, not only for the special needs shelter but perhaps other populations and people with pets.

Ms. Hurner stated that conversation was started with the Sheriff's Office to see what they had in mind with their facilities for pets, and although currently not funded, their plan is to build the Gentry Center out near the Sebring Airport. Once this plan goes through the legislature, their hope is to provide more facilities for pets and perhaps people as well.

Ms. Hurner shared that there have been requests from the community, not directly to county staff, for convention centers and facilities for arenas and animals. Staff did a lot of homework to see where this money could be used

for those kinds of things and in the interpretation of the final rule from the U.S. Department of Treasury, it stated that the following are generally ineligible: construction of convention centers, stadiums, or other large capital projects intended for general economic development or to aid impacted industries.

Ms. Hurner also stated that direction is being sought from the Commission for staff to look at the Bert J. Harris, Jr. Agricultural Center to reconstruct the facility for a special needs shelter, and also, to support the Sheriff's Office project, once it gets successfully through the legislature.

Ms. Hurner, County Administrator Randy Vosburg and Legislative Affairs & Grants Coordinator Liz Barber addressed questions and concerns raised by the Commission.

Commissioner Roberts made a motion to move forward with the five million dollars of ARPA federal dollars to move towards renovating of the Agri-Civic Center (Bert J. Harris, Jr. Agricultural Center) primarily, after which, using the funds to develop the pet shelter at the Gentry Center. Commissioner Tuck seconded the motion for discussion.

After further discussion, staff addressed questions and concerns from the Commission.

Upon roll call, all Commissioners voted aye. The motion carried. **See SMB 146 Page 41.**

HIGHLANDS COUNTY LAND DEVELOPMENT REGULATIONS

12.09.111, ten acre parcel road connections, of these regulations. For the purpose of these regulations, a distinction between driveways and road connections is made as follows:

- A. A driveway is used to connect a single lot, parcel, or tract to any road with the intention that no more than one or possibly two residential, commercial, or agricultural structures, or an undeveloped lot, tract or parcel will be served by the connection. Construction standards and permitting procedures for the various types of driveways are found in the *Highlands County Technical Standards Manual*, current edition. Certain driveways as described in this article are exempt from the development order process. (Ord. No. 11-12-04)
- B. A road connection is used to connect a public or private road to a public road, and applies to roads that connect such developments as subdivisions, manufactured home parks, seasonal parks, planned unit developments, and cluster/PUD developments to public roads, and includes roads in existing undeveloped recorded subdivisions. This type of connection will be subject to the requirements of this chapter as they might apply, unless specifically exempted. (Ord. No. 11-12-04)

(Ord. No. 05-06-30, § 76; Ord. No. 11-12-04)

Section 12.09.106. Applicability.

- A. **Driveway permit.** A driveway permit shall be required for all developments proposing to construct a new driveway or road connection, or utilize an existing driveway or road connection as defined above within:
 - 1. The unincorporated areas of Highlands County; and/or
 - 2. The incorporated area, when the proposed connection is to a county maintained road, or a building permit is issued by the county.
- B. The applicant shall apply for a driveway permit using an application form established for such purpose by the BCC, and submitting it to the county engineer along with an application fee to be established by the BCC. The county engineer is charged with the responsibility of reviewing and approving the applications. A permit will not be required for the routine maintenance of a permitted driveway or road connection. However, where an existing permitted/unpermitted driveway is to be widened, its elevation is to be changed, and/or its design is to be substantially altered, a new permit will be required. For connections to a state road, an approved permit from the Florida Department of Transportation shall be submitted to the county engineer prior to commencement of construction.
- C. **Driveway exemption.** The county engineer may exempt an applicant from the requirement to obtain a permit and construct a driveway connection to any unimproved roadway which provides ingress and egress for the applicant's property. This exemption will not be allowed where a culvert is required. The exemption shall be conditioned upon the requirement that the applicant or his successor in title obtain a permit and construct a driveway connection at such time as the road is improved. The applicant shall submit a request for inspection to the county engineer

COUNTY COMMISSION AGENDA ITEM

DATE OF ACTION REQUEST: Feb 15, 2022

PRESENTER: David Nitz, OMB Manager

SUBJECT/TITLE: Request adoption of resolution 21-22-64 for Budget Amendment 21-22-043 to appropriate additional funding for Legal Aid professional services.

STATEMENT OF ISSUE

The agreement between the State of Florida and Highlands County runs January thru December each year with a CPI adjustment based on December over December for the subsequent January monthly payment. Based on the county's fiscal year, when budgeting this fund, we know what the October thru December monthly amount is but estimate the January thru September monthly amount. Since the CPI increase for the last ten (10) years ran between 0.33% to just over 3%, a 2% increase was used for the January thru September monthly amounts. Unfortunately, the actual CPI increase came in at 7.8% which results in an additional \$2,450 for the current year.

As a footnote, the current agreement, which was executed on December 21, 1999, is being reviewed by the county's legal department to possibly include a CPI cap to limit large increases in future years.

RECOMMENDED ACTION

Move to adopt resolution 21-22-64 for Budget Amendment 21-22-043 to appropriate additional funding to the Legal Aid fund.

FISCAL IMPACT

The fiscal impact is an increase to Fund 005 (General) and Fund 177B (Legal Aid Trust) in the amount of \$2,450.00 each.

SUBJECT/TITLE: Request adoption of resolution 21-22-79 for Budget Amendment 21-22-055 to realign American Rescue Plan Act (ARPA) federal grant funds from Project 20056 to Project 20085.

STATEMENT OF ISSUE

On September 21, 2021, the Highlands County Board of County Commissioners approved the preliminary spending plan for the American Rescue Plan Act (ARPA) funds. At that time, \$4,000 was approved for a Human Services project that was under the direction of the Community Programs department. The department made the necessary purchases for the project, and the project came in well under budget. The Human Services portion of the project is now complete, and we are requesting the approval to redistribute those funds in the amount of \$3,160.00 to another ARPA Project that was included in the preliminary spending plan. Project #20085-Mail-In Election Process (ARPA) for the Supervisor of Elections has come in slightly over budget. Redistributing these funds will fulfill the needs of both projects, with a zero net fiscal impact.

As a result, we request this budget amendment to move \$3,160.00 from Project Number 20056- American Rescue Plan Act, to Project Number 20085- Mail-In Elections Process (ARPA).

RECOMMENDED ACTION

Move to adopt resolution 21-22-79 for Budget Amendment 21-22-055 to realign American Rescue Plan Act (ARPA) federal grant funds from Project 20056 to Project 20085.

FISCAL IMPACT

There is no fiscal impact.

EXECUTIVE SUMMARY

Dating back to World War II, the Sebring Regional Airport (SRA) has been a significant part of Highlands County history. Located roughly six miles southeast of the City of Sebring, the airport has expanded since those early days and includes airport operations, an industrial park, an automobile racetrack, and associated tourism related commercial uses.

Recognizing the continued need for reinvestment and the importance the SRA has on the regional economy, the Sebring Regional Airport Community Redevelopment Agency (later renamed the Sebring Regional Airport and Industrial Park Community Redevelopment Agency) was established in 1996 by the Highlands County Board of County Commissioners. The Community Redevelopment Area (CRA) provides an additional dedicated funding source to complete or assist in securing the additional funds for necessary improvements at the airport, and for purposes that would allow expanded economic development in Highlands County.

The CRA encompasses approximately 2,149 acres and is scheduled to sunset in 2045. Tax increment revenue generated by the CRA during the five-year period from FY 2017 through FY 2021 ranged between a high of \$412,123 in 2019 and a low of \$383,917 in 2017. FY 2021 generated \$390,155. Two large expansion projects on the industrial site are anticipated to begin within the next year and for projection purposes will become effective for tax increment revenue in FY 2024. FY 2023 and FY 2025 through the remainder of the CRA's lifespan are projected to have a 2% year over year increase. This value is intentionally conservative due to the unique nature of the airport. These projections should be updated annually for CRA budgeting purposes based on actual revenue and additional projects that may develop. It is estimated the CRA may generate approximately \$13,556,001 through the 2045 sunset date with these projections.

The 1996 CRA Plan was developed to be compatible and complimentary to the most recently completed Airport Master Plan (AMP) at that time. Since then, two updates have been made to the CRA Plan and have reflected additional updates to the AMP. Recognizing the uniqueness of this CRA and the AMP's comprehensive view of all airport related projects, these plans should continue to be compatible and complimentary. This CRA Plan update continues this and supports the 2020 AMP Update.

Many airport related projects are funded largely through various State and Federal grants that typically require a local match, which is the responsibility of the SRA. The CRA is an appropriate mechanism to provide grant matching as it is an annual revenue source and is historically generally consistent in tax increment revenue generated.

The SRA has identified approximately \$197,706,275 in future publicly funded capital projects and other costs associated with ongoing maintenance and improvements to the overall airport property to continue its operations and meet future demand. These costs are further defined in this update. In addition to funding these costs where appropriate and ongoing administrative, operating, and planning costs, the CRA should continue to invest in activities and programs that help economic development at the SRA and positively impact in Highlands County.

PRESENTER: David Nitz, OMB Manager

SUBJECT/TITLE: Request to adopt resolution 21-22-77 for Budget Amendment 21-22-052 to appropriate the Loan Proceeds from the Infrastructure Sales Surtax Refunding Bond, Series 2021.

STATEMENT OF ISSUE

Due to a decrease in market interest rates this past Summer, the County's Financial Advisor, PFM, brought to the staff's attention that the County could take advantage of the lower interest rates by refinancing the long-term debt. PFM issued an RFP on behalf of the County and a financial institution was awarded the bid which closed on November 9, 2021.

This budget amendment is appropriating the loan proceeds from the Infrastructure Surtax Revenue Loan.

RECOMMENDED ACTION

Move to adopt resolution 21-22-77 for Budget Amendment 21-22-052 to appropriate the Loan Proceeds from the Infrastructure Sales Surtax Refunding Bond, Series 2021.

FISCAL IMPACT

The fiscal impact is an increase to Fund 350 (HCISSR LTD Capital) in the amount of \$21,614,000.00 which is being appropriated to retire the Series 2015 bonds in the amount of \$11,530,791.31, professional fees of \$83,208.69, and the balance of \$10,000,000.00 to Project 21064 County Jail Facility Expansion.
