The United States Fastpitch Association (USFA) is a multi-state youth girls fastpitch softball organization. We sponsor events in 18 states for players ages 8 to 18. For the last 25 years, our season has concluded with the USFA World Series in Panama City Beach, Fla. Our World Series annually brings in over 400 teams from more than 20 states during the two-week event.

Our organization, USFA Florida, has been sponsoring events in Florida since 2015. We have grown exponentially year-to-year and currently operate close to 40 events each year in Central Florida (Tampa, Polk County, Bradenton, Lake City, Sebring) and North Florida (Panama City Beach, Tallahassee, Pensacola, Perry) and other locations. Each one of our weekend events average approximately 25 teams with an economic impact of 425 adults each weekend. Many of our events bring in 50-plus teams for a single weekend with double the impact. Our economic impact annually for Polk County alone, where we play twice a month, is several million dollars.

Our events are always two days -- meaning our teams stay in hotels, buy gas, Gatorade and snacks at the convenience and grocery stores, eat at local restaurants, etc.

I remember attending softball events in Sebring through the years when my daughter (now 27) was playing. We were always impressed with the facilities, restaurants and lodging options. Now it is our opportunity to introduce a new generation of softball teams to the many great things Sebring has to offer.

More than 400 teams are sanctioned and play with USFA each year in Florida. We reach out to these teams every week via direct contact through emails and texts, as well as running ads twice per week on Facebook and numerous youth softball pages on Facebook. We also operate the Facebook page Central Florida Fastpitch teams, a site with 7,700 current members!

We design a flyer for every event we sponsor. These flyers are shared via Facebook, email and text to every one of the over 400 sanctioned teams each week. We also announce our schedule for the fall season in June, and begin marketing all of the events at that time. As the Sebring events draw closer, we will increase the number of outreach efforts.

SMART Objective Worksheet

Draft Goal:

Definition	Your Objective
Specific • What do I want to accomplish with this event? Why? • What is the desired result?	Driving people to downtown Sebring throughout the weekend for a new sporting event that also fills hotel rooms in the area and leaves an economic impact on the destination. Through the marketing components we aim to show Sebring as an area on the rise.
Measurable • How will you quantify (numerically or descriptively) success? • How will you measure progress?	Hotel room nights as well as economic impact numbers we will utilize the hotel room certification form as well as the STR Report to verify.
Achievable • What skills are needed? • What resources are necessary? • What factors impact goal achievement? • Does the goal require the right amount of effort?	With support from the local government and local TDC we can grow this event into a yearly staple within the Highlands County community.
Relevant • Is the goal aligned with the overall mission or strategy to increase economic activity in Highlands County?	This event will help support Sebrings vision as a destination and encourage more events to come to the area.
Time-bound • How much time will be available to complete this SMART Objective? • Is the deadline realistic?	We will begin now until the end of the tournament. Which will be plenty of time to achieve our goals.

Final Goal:

   (b) During the course of each shift, the security officer shall continually drive throughout the DISTRICT to monitor for anything out of the ordinary. (c) CONTRACTOR will be held accountable for damages, theft, or any other breach of security caused by its employees and shall be held directly responsible for errors and omissions of CONTRACTOR'S employees and other persons performing work under the CONTRACTOR'S control for the County. The CONTRACTOR shall be responsible for repair of any damage to County property and restoration of any facility damage.

(d) The CONTRACTOR shall maintain an adequate staff of qualified personnel at DISTRICT to provide security services. In the event of an emergency or upon request by DISTICT, CONTRACTOR shall use its best reasonable efforts to provide up to three (3) additional security personnel in addition to personnel ordinarily assigned to the Work Site at the DISTRICT's request. For all new security personnel assigned to DISTRICT, CONTRACTOR shall provide a minimum of sixteen (16) hours of on-the-job orientation training at the Work Site. A. Roadway Infrastructure Workshop on the Funding and Maintenance Needs of Highlands County.
Jonathan Harrison, Road & Bridge Director, and J.D. Langford, County Engineer/Department Director, presented. ***See SMB 152 Page 114.***

- **Existing & Upcoming Grant Funded Projects**

Regarding the FY 23/24 pending Project 445042-1 for Sebring Pkwy – US 27 N to Scenic Hwy, Commissioner Kirouac questioned if the $694,725.00 in the second column is the county's contribution of the total of $1,389,450.00. Mr. Langford stated yes, and shared the first column is the amount FDOT is funding, with it being a 50/50 split. In regards to the county's split, Commissioner Kirouac questioned if this amount would be split with the City of Sebring and questioned if they were aware. Mr. Langford stated both the city and county contribute to this fund, and the intent is to not only cover signage, striping, curbing, but also milling/resurfacing, and the plan is to present this proposal to the City of Sebring prior to entering into an agreement with FDOT.

- **Maintenance Information**

Regarding the grading mileage and the decrease of maintenance in 2023, Commissioner Elwell questioned the

context of the 8–10 vacancies, out of how many. Mr. Harrison stated the 8-10 vacancies is out of 107 budgeted positions or 9-10%.
Regarding the decrease in grading and increase in costs per miles based on current numbers, County Administrator Laurie Hurner stated the $15.00 per hour adjustments in the lowest salary bracket will come into this too.

Regarding sidewalk mowing, Commissioner Tuck questioned if the county mows right of ways. Mr. Harrison stated they do right-of-way maintenance with tractor mowers, but they are under a separate cost center funding source (Bridge & Concrete – Cost Center 4103) than the regular sidewalk mowing.

- **Pending Issues: Maintenance Responsibilities/Costs & Grant Funding**

Regarding grant funding and an increased county population, Commissioner Roberts questioned if this is would be because the population is over 125,000 and stated it may be advantageous of being under to not lose the extra funding from the state, but our county will most likely continue to grow. Mr. Langford stated the amount is 125,000 and Mr. Harrison expressed his concerns stating the county has not reached that amount in population and has been fortunate to receive grant funding from FDOT, but it is not FDOT's responsibility to maintain the county's roads.

Before summarizing the workplan presentation, Mr. Harrison stated their objective here today was to provide the Board the knowledge and information relative to grants and the non-existence of grants, no alternate funding sources and the drastic increase of maintenance correlating with the large decrease in services provided to the citizens of the county and to request an opinion from the Board.

County Administrator Laurie Hurner commended Mr. Harrison, Mr. Langford, and staff for coordinating each and every day and holds this crew against any crew in the state of Florida.

Ms. Hurner stated the reason it was important to hold this workshop was to share with the Board a full explanation and status of where this department stands with regard to maintenance and funding.

Mr. Harrison, Mr. Langford, and Ms. Hurner addressed questions and concerns raised by the Commission.

Chairman Campbell thanked Mr. Harrison and Mr. Langford for their presentation and the Board needs to look at funding sources moving forward, and shared he likes the idea of a 5-year plan.

The Commission expressed their concerns in great detail.

Such lien, attachment, or encumbrance, until it is removed, shall preclude any and all claims or demands for any payment expected by virtue of this Agreement.

B. The CONTRACTOR will ensure that all of its employees, agents, sub-contractors, representatives, volunteers, and the like, fully comply with all of the terms and conditions set herein when providing services for the COUNTY in accordance herewith.

C. The CONTRACTOR will maintain an adequate and competent staff and remain authorized to do business within the State of Florida. SECTION 5. STANDARD OF CARE.

A. The CONTRACTOR has represented to the COUNTY that it possesses a level of knowledge, experience, and expertise that is commensurate with firms in the areas of practice required for the services to be provided. SECTION 6. COMPENSATION.

A. Compensation for services completed by the CONTRACTOR will be in accordance with Florida Statutes, section 218.70, Florida's Prompt Payment Act. The amount to be paid under this Agreement for services shall be in accordance with the pricing schedule set forth in **Exhibit "B"** which is attached hereto. In the event the COUNTY is not satisfied with the services provided by the CONTRACTOR, the COUNTY will hold any amounts due until such time as the CONTRACTOR has appropriately addressed the problem, so long as the COUNTY has provided notice of defect to the CONTRACTOR.

SECTION 7. TERMINATION.

Either party may terminate this Agreement, with or without cause, given thirty (30) days written notice to the other party.

SECTION 8. PAYMENT WHEN SERVICES ARE TERMINATED.

A. In the event of termination of this Agreement by the COUNTY, and not due to the fault of the CONTRACTOR, the COUNTY shall compensate the CONTRACTOR for all services performed prior to the effective date of termination.

B. In the event of termination of this Agreement due to the fault of the CONTRACTOR, or at the written request of the CONTRACTOR, the COUNTY shall compensate the CONTRACTOR for all services completed, prior to the effective date of termination, which have resulted in a usable product, or otherwise tangible benefit to the COUNTY. All such payments shall be subject to an off-set for any damages incurred by the COUNTY resulting from any delay occasioned by early termination. This provision shall in no way be construed as the sole remedy available to the COUNTY in the event of breach by the CONTRACTOR.

Exhibit "A"
Scope of Services

Contractor shall provide Board Certified Physician services for annual firefighter physical examinations/screenings to Highlands County Emergency Operation employees, volunteers, and hazmat team members. The medical requirements are based on National Fire Protection Association (NFPA) 1582 and on in-depth consideration of essential functions. These essential functions are what members are expected to perform at emergency incidents and are derived from the performance objectives stated in NFPA 1001, Standard for Firefighting Professional Qualifications. Specifications have been prepared and are included herein. The successful Proposer (hereinafter called "Contractor") shall execute an appropriate contract with Highlands County.

Cancer rates among firefighters are above the national rates of the civilian population due to their increased exposures to hazardous substances. Due to this increased risk, screening for prostate and colon cancers is added to the yearly physical examinations for firefighters age 40 and older. Firefighters that are members of the HazMat team are at even greater risk due to their possible exposure to chemicals. Additional screening for various types of metals are added to these firefighters' yearly physical examinations.

For the purpose of conducting a medical examination, a physician should have an understanding on the environmental, physical, and psychological demands placed on firefighters on a daily basis. Additionally, physicians performing physical examinations on firefighters should have an understanding of NPFA 1582 standards.

The CONTRACTOR's Project Managers and/or Supervisors shall have excellent communication skills and be capable of directing the coordinating with the designated County Staff.

The CONTRACTOR shall be responsible for completing and returning full duty medical evaluations.

B. The CONTRACTOR will ensure that all of its employees, agents, sub-contractors, representatives, volunteers, and the like, fully comply with all of the terms and conditions set herein when providing services for the COUNTY in accordance herewith.

C. The CONTRACTOR will maintain an adequate and competent staff and remain authorized to do business within the State of Florida. SECTION 5. STANDARD OF CARE.

A. The CONTRACTOR has represented to the COUNTY that it possesses a level of knowledge, experience, and expertise that is commensurate with firms in the areas of practice required for the services to be provided. SECTION 7. TERMINATION.

Either party may terminate this Agreement, with or without cause, given thirty (30) days written notice to the other party.

SECTION 8. PAYMENT WHEN SERVICES ARE TERMINATED.

B. In the event of termination of this Agreement due to the fault of the CONTRACTOR, or at the written request of the CONTRACTOR, the COUNTY shall compensate the CONTRACTOR for all services completed, prior to the effective date of termination, which have resulted in a usable product, or otherwise tangible benefit to the COUNTY. All such payments shall be subject to an off-set for any damages incurred by the COUNTY resulting from any delay occasioned by early termination. This provision shall in no way be construed as the sole remedy available to the COUNTY in the event of breach by the CONTRACTOR.

Exhibit "A"
Scope of Services

Contractor shall provide Board Certified Physician services for annual firefighter physical examinations/screenings to Highlands County Emergency Operation employees, volunteers, and hazmat team members. The medical requirements are based on National Fire Protection Association (NFPA) 1582 and on in-depth consideration of essential functions. These essential functions are what members are expected to perform at emergency incidents and are derived from the performance objectives stated in NFPA 1001, Standard for Firefighting Professional Qualifications. Specifications have been prepared and are included herein. The successful Proposer (hereinafter called "Contractor") shall execute an appropriate contract with Highlands County.

Cancer rates among firefighters are above the national rates of the civilian population due to their increased exposures to hazardous substances. Due to this increased risk, screening for prostate and colon cancers is added to the yearly physical examinations for firefighters age 40 and older. Firefighters that are members of the HazMat team are at even greater risk due to their possible exposure to chemicals. Additional screening for various types of metals are added to these firefighters' yearly physical examinations.

For the purpose of conducting a medical examination, a physician should have an understanding on the environmental, physical, and psychological demands placed on firefighters on a daily basis. Additionally, physicians performing physical examinations on firefighters should have an understanding of NPFA 1582 standards.

The CONTRACTOR's Project Managers and/or Supervisors shall have excellent communication skills and be capable of directing the coordinating with the designated County Staff.

The CONTRACTOR shall be responsible for completing and returning full duty medical evaluations.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after signing session and, if you elect to create a DocuSign signer account, you may access them for a limited period of time (usually 30 days) after such documents are first sent to you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Section II: Project Overview

Project Title: Law Enforcement Salary Assistance for Fiscally Constrained Counties

Recipient Organization: Highlands County Board of County Commissioners

Project Period: July 1, 2023 to June 30, 2024

Purpose and Scope:

The 2023-24 budget for the State of Florida, passed by the Florida Legislature and signed by Governor Ron DeSantis on June 15, 2023, includes an appropriation of $20,713,800 in recurring funds to FDLE to provide "for salary increases for deputy sheriffs and correctional officers employed by sheriff's offices or boards of county commissioners in fiscally constrained counties, as defined in section 218.67(1), Florida Statutes."

The amount provided to each fiscally constrained county is established by the 2023-2024 General Appropriations Act and the funds received by FDLE as a result of this appropriation will be passed through to those counties in the prescribed amounts. Disbursements will be made in equal, quarterly distributions, provided that contract conditions are met.

In accordance with statute, funds advanced under the terms of this agreement must be utilized by the Recipient's Sheriff for salary increases to deputy sheriffs and correctional officers employed by the Sheriff's Office of the Recipient. The Recipient, through its Sheriff's Office, shall perform all tasks and activities, and provide budget, expenditure, performance, and other reports as prescribed herein or required by statute.

The State of Florida's performance and obligation to pay under this agreement is contingent upon an appropriation by the Legislature, and subject to any modification in accordance with Chapter 216, Florida Statutes or the Florida Constitution.

Expenditures of state financial assistance shall be compliant with laws, rules, and regulations specified in Florida Statutes including, but not limited to, the following:

- The Single Audit Act, Chapter 215.97, Florida Statutes;
- Agreements Funded with State Financial Assistance, Chapter 215.971, Florida Statutes; and
- Transparency in Government Spending, Chapter 215.985, Florida Statutes.

Recipient and Recipient's Sheriff Responsibilities:

Through its Sheriff's Office, the Recipient shall provide county law enforcement and corrections services on a regular and ongoing basis during the 2023-2024 contract period.

The Recipient Sheriff's Office will strive to maintain adequate staffing levels and services based upon the specific needs of the community it serves and in accordance with established policies and procedures.

The Recipient shall provide a copy of the current year's annual budget for the Sheriff's Office with the executed copy of this agreement. In addition, the Recipient's Sheriff must provide a copy of the Recipient Sheriff's spending plan for distribution of this funding. No funds will be advanced prior to receipt of these items. Additionally, a copy of the 2023-2024 budget for the Sheriff's Office must be provided at the beginning of the Recipient's fiscal year, but no later than November 1, 2023.

Funding provided to the Recipient will not exceed the amount specified in the 2023-24 General Appropriations Act. Allowable costs are limited to salaries and benefits for deputy sheriffs and corrections officers employed by the Recipient Sheriff's Office.

Deliverables:

As stated in the scope and responsibilities above, the Recipient will provide, through its Sheriff's Office, ongoing law enforcement and corrections services, where applicable, to the community it serves. The Recipient's Sheriff shall ensure files are maintained to substantiate the hours of law enforcement and corrections services provided and the amounts paid for those services. Expenditures paid under this agreement are intended to provide increases to salaries currently paid by Recipient's Sheriff to deputy sheriffs and corrections officers who provide those services. Supporting documentation for the deliverables and use of funds must be made available to FDLE in accordance with specifications and deadlines prescribed herein.

For payment purposes, the Recipient will receive a quarterly advance initiated by the Department after its return of this executed agreement, Spending Plan, and current Sheriff's Office budget.

Any state funds provided to the Recipient under this agreement that are determined to be utilized for ineligible expenditures, or which remain unspent at the end of the **state** fiscal year (June 30, 2024), must be returned to the Department no later than July 31, 2024. The Department's determination of acceptable expenditures shall be conclusive.

Financial Consequences and Other Requirements:

If the Recipient's Sheriff's Office fails to provide law enforcement or corrections services as outlined in this Agreement, additional distributions of cash will be withheld. Future funding under this program may also be jeopardized.

In the event the Recipient's Sheriff's Office ceases provision of law enforcement or corrections services during this contract period, a final report shall be submitted to the Department which includes the actual salary costs of impacted employees from the beginning of this contract through the date the provision of services ceased. The actual costs will be compared to the distributions to date, and any state funds in excess of eligible funds expended must be refunded to the Department by July 31, 2024.

Section III: Payments and Financial Reports

Funds will be disbursed to the Recipient based upon the amount specified in the 2023-2024 General Appropriations Act for this purpose. Prior to any distribution of funding, the following must be provided to the Department:
copy of this fully executed contract; and

- A Spending Plan detailing the method of distribution for these salary dollars; and
- A copy of the current fiscal year budget for the Recipient's Sheriff.

Upon execution of this agreement and provision of the required items detailed above, the Recipient shall be eligible to receive quarterly payments as outlined in this agreement. Advance payments will be issued in equal, quarterly disbursements, no earlier than July 1, 2023. Funding provided under this program is subject to the availability of appropriated funds and any modifications or additional requirements that may be imposed by law.

The Recipient and Department agree that quarterly certification reports and payroll registers shall be provided by the 15th day of the month following the end of each fiscal year quarter, specifically:

- October 15, 2023
- January 15, 2024
- April 15, 2024
- July 15, 2024

The Recipient may only retain funds up to an amount equal to the actual amount of salary increases paid to deputy sheriffs and correctional officers employed by the Sheriff's Office between July 1, 2023 and June 30, 2024. After the close of the 2023-2024 state fiscal year, the amount distributed under this agreement will be compared to the actual amount of payroll expenditures as disclosed in the required "Quarterly Payroll Certification Form." Any state funds received in excess of the supplemental salary amount paid, as well as any balance of unobligated funds, must be refunded to the Department no later than July 31, 2024 or 31 days after notification by the Department.

Expenditures incurred outside the agreement period (July 1, 2023 – June 30, 2024) are not eligible to be paid with these funds.

The Recipient and the Recipient's Sheriff must establish procedures to accept payments during the contract period and maintain supporting documentation including payroll registers, general ledgers, paystubs, and timesheets as proof of payment for all expenditures made with state funds distributed under the terms of this agreement.

No request for payment shall be made, nor shall any such request be honored, for any activity not covered by this agreement; and no monies distributed to the Recipient shall be used for any purpose or to fund any operations unrelated to this agreement.

Section 24(a), of the Florida Constitution and section 119.07(1), Florida Statutes

The Department shall be the final authority as to the appropriation, availability and adequacy of funds. In the event the Recipient fails to fully comply with the terms and conditions of this Agreement, the Department may terminate the Agreement upon written notice. Such notice may be issued without providing an opportunity for cure if it specifies the nature of the noncompliance and states that provision for cure would adversely affect the interests of the State or is not permitted by law or regulation. Otherwise, notice of termination will be issued after the Recipient's failure to fully cure such noncompliance within the time specified in a written notice of noncompliance issued by the Department specifying the nature of the noncompliance and the actions required to cure such noncompliance. In addition, the Department may employ the default provisions in Rule 60A-1.006(3), F.A.C., but is not required to do so in order to terminate the Agreement. The Department's failure to demand performance of any provision of this Agreement shall not be deemed a waiver of such performance. The Department's waiver of any one breach of any provision of this Agreement shall not be deemed to be a waiver of any other breach and neither event shall be construed to be a modification of the terms and conditions of this Agreement. The provisions herein do not limit the Department's right to remedies at law or in equity. The validity of this agreement is subject to the truth and accuracy of all the information, representations, and materials submitted or provided by the Recipient in this agreement, in any subsequent submission or response to Department request, or in any submission or response to fulfill the requirements of this agreement, and such information, representations, and materials are incorporated by reference. The lack of accuracy thereof or any material changes shall, at the option of the Department and with thirty (30) days written notice to the Recipient, cause the termination of this agreement and the release of the Department from all its obligations to the Recipient. This agreement shall be construed under the laws of the State of Florida, and venue for any actions arising out of this agreement shall lie in Leon County. If any provision hereof is in conflict with any applicable statute or rule, or is otherwise unenforceable, then such provision shall be deemed null and void to the extent of such conflict, and shall be deemed severable, but shall not invalidate any other provision of this agreement.

Any power of approval or disapproval granted to the Department under the terms of this agreement shall survive the terms and life of this agreement as a whole.

The agreement may be executed in any number of counterparts, any one of which may be taken as an original.

In the event of termination, the Recipient will be compensated for any work satisfactorily completed through the date of termination or an earlier date of suspension of work.

Disputes and Appeals

The Department shall make its decision in writing when responding to any disputes, disagreements, or questions of fact arising under this agreement and shall distribute its response to all concerned parties. The Recipient shall proceed diligently with the performance of this agreement according to the Department's decision. If the Recipient appeals the Department's decision, the appeal also shall be made in writing within twenty-one (21) calendar days to the Department's clerk (agency clerk). The Recipient's right to appeal the Department's decision is contained in Chapter 120, Florida Statutes, and in procedures set forth in Fla.

Admin. Code R.28-106.104. Failure to appeal within this time frame constitutes a waiver of proceedings under Chapter 120, Florida Statutes After receipt of a petition for alternative dispute resolution the Department and the Recipient shall attempt to amicably resolve the dispute through negotiations. Timely delivery of a petition for alternative dispute resolution and completion of the negotiation process shall be a condition precedent to any legal action by the Recipient concerning this Agreement.

Unless the Recipient is a state agency or subdivision, the Recipient shall be solely responsible to parties with whom it shall deal in carrying out the terms of this agreement, and shall save the Department harmless against all claims of whatever nature by third parties arising out of the performance of work under this Agreement. For purposes of this Agreement, Recipient agrees that it is not an employee or agent of the Department, but is an independent contractor.

Nothing herein shall be construed as consent by a state agency of the State of Florida to be sued by third parties in any matter arising out of any contract.

Nothing in this Agreement shall be construed to affect in any way the Recipient rights, privileges, and immunities under the doctrine of “sovereign immunity” and as set forth in section 768.28, Florida Statutes

HIGHLANDS COUNTY
COUNTY COMMISSION AGENDA ITEM

DATE OF ACTION REQUEST: Aug 1, 2023

PRESENTER:	**David Nitz, OMB Manager** **Laurie Hurner, County Administrator**
SUBJECT/TITLE:	**Request to certify the maximum millage for FY 23/24**

STATEMENT OF ISSUE

To comply with Florida Department of Revenue's Truth in Millage (TRIM) requirements in the Florida Statutes Chapter 200, the Board of County Commissioners must certify a maximum Millage rate to the Property Appraiser and the Tax Collector by August 4, 2023.

The certified millage can be decreased at the Board's discretion as the budget process continues, but cannot be exceeded without extraordinary measures.

The Rollback Rate which allows collection of the same amount of Ad Valorem taxes as the previous year is 7.4736 mils.

The Recommended Budget presented on July 3, 2023, was based on a Millage Rate of 8.1000 mils.

RECOMMENDED ACTION

Move to certify the maximum millage at 8.1000 mils.

FISCAL IMPACT

Ad Valorem revenue is projected to comprise 61.72% of the total projected General Fund revenues in FY 23/24. Failure to certify millage would put those revenues and state revenue sharing at risk.

HIGHLANDS COUNTY
COUNTY COMMISSION AGENDA ITEM

DATE OF ACTION REQUEST: August 1, 2023

PRESENTER: **Sherry G. Sutphen, County Attorney**

SUBJECT/TITLE: **Consideration of Statement of Legislative Intent for Department Heads Confirmation Process**

STATEMENT OF ISSUE

At the regular meeting of the Board of County Commissioners held on April 18, 2023, comments were made related to the confirmation process being followed related to the newly hired Deputy County Administrator. Currently, the County follows the process set forth in Florida Statutes, Section 125.74 (k), which has been codified into the Highlands County Code of Ordinances, Chapter 2, Administration, Article IV, County Administrator, Section 2-56, Powers and Duties – Generally, subsection (11) which in essence provides that the County Administrator may select, employ, and supervise all personnel and fill all vacancies, positions, or employment under the jurisdiction of the Board and that the employment of all department heads shall require confirmation by the Board of County Commissioners (emphasis added). These powers and duties are enumerated, not for the purpose of limiting the County Administrator's responsibilities granted by the Board of County Commissioners but are simply listed as possible responsibilities of a County Administrator in the proper administration of all affairs under the jurisdiction of the Board. In other words, while it is the County's process to have the Board of County Commissioners confirm the selection of a Department Head or the Deputy County Administrator, that process is not required unless the Board wants to continue the formality. The confirmation process has certainly always been treated as more ceremonial than anything because the hiring authority of all County employees truly lies with the County Administrator.

The purpose of this Statement of Legislative Intent is to receive direction from the Board as to whether the current confirmation process for newly hired department heads and/or a newly hired Deputy County Administrator needs to continue or whether the Board is interested in changing the process to remove the confirmation requirement from the County's Code.

RECOMMENDED ACTION

1) Revise the Code of Ordinances to change or remove the current confirmation process for County Department Head positions and the Deputy County Administrator position.
2) Take no action and continue with the current process.

FISCAL IMPACT

The fiscal impact would be staff and legal time to complete any necessary revisions.
