Randy Vosburg, County Administrator, stated that the county has received half of the allocation, with the total allocation to Highlands County being $20,632,184. Mr. Vosburg also stated that staff is presenting a first look of the asks received and that a consultant will review the list to ensure that the items are consistent with the rescue plan. ***See SMB 143 Page 48.***

- **Health Department Drive-Thru Expansion / Phase 1 & 2 Spending Total: $62,648**

- **Community Development: Library Outreach/Upgrades / Phase 1 & 2 Spending Total: $175,000**

Commissioner Tuck suggested removing half of the money requested from the library since they receive assistance from the state. Ms. Barber stated that from what she understands with the library request, the funding is basically to retrofit and change the way that libraries are being used and consumed, particularly

in the age of COVID-19. Ms. Barber also stated that once the list is broken down, they will have detailed discussions on keeping or removing items from the list.

- **Constitutional Officer Expenses / Clerk / Phase 1 & Phase 2 Spending Total: $5,000,000**

Jerome Kaszubowski, Clerk of the Courts, stated for clarification that this line item is for court technology and perhaps could be renamed. Ms. Barber stated that because it is a Constitutional Officer Expense, she has each one broken down by their names and categories, but the specific use and the request for the Clerk's Office is for Information Technology infrastructure and upgrading security.

Mr. Vosburg also informed the Commission that if staff comes across other items that can be added to the list they will do so, have the consultant vet them, and will bring them to the Board. Ms. Barber mentioned that if staff is able to obtain grants, they will do so in order to help free up some of these funds.

Mr. Vosburg stated that staff is looking forward to receiving recommendations from the consultant by the end of August or beginning of September. Chairman Kirouac thanked Ms. Barber for the presentation and all her hard work.

Mr. Vosburg stated that they have been working every day on this issue and shared that they have made significant progress and are heading in a direction that is going to include some additional accountability and standards.

Mr. Vosburg stated that Waste Connections has requested to continue today's hearing of their appeal to the August 17 Board meeting and that staff agrees with this request as it will provide for additional time to present further possible items. Mr. Vosburg also stated that Waste Connections has made a tremendous commitment in putting more resources into Highlands County, including the hiring of additional staff and increased pay for drivers.

Sherry Sutphen, County Attorney, stated that she agrees with Mr. Vosburg that they've had more fruitful discussions this past week than ever before and is comfortable with moving forward with the negotiating of the existing contract to make terms more favorable and hold the hauler accountable.

Clinton Howerton, Jr., County Engineer, stated that he too is comfortable with the progress they have made so far and is hopeful they will come out with a much more refined and polished program that will work well for the residents of Highlands County.

The Commission expressed their concerns in great detail.

PRESENTER: **Sherry G. Sutphen, County Attorney**

SUBJECT/TITLE: **Special Warranty Deed from the Town of Lake Placid to Highlands County for North Tangerine Drive and associated right of way.**

STATEMENT OF ISSUE

In 2014, the County entered into a series of Interlocal Agreements with the Town of Lake Placid related to the construction of North Tangerine Drive under a Florida Department of Transportation Small County Road Assistance Agreement. The Town finalized the Deeds at the beginning of 2020 and forwarded the same to the County for approval. The deeds were being evaluated by the County Attorney at the time, but were never finalized. The legal description in the deed has been verified by the County Surveyor as being correct, thus, the Deed is appropriate for acceptance.

RECOMMENDED ACTION

Acceptance of Special Warranty Deed from the Town of Lake Placid for North Tangerine Avenue and associated right of way and authorization for Chairman to execute Deed acceptance.

$1,360.00 Field Lights, 68 hours at $20.00 hour

The School Board of Highlands County
Transforming Today's Learners into Tomorrow's Leaders

Dear Commission,

We are writing to request permission to use the Highlands County Sports Complex, located on Sheriff's Tower Rd, during the winter sports season. We understand that the request to use this sports complex for training in addition to what the sports complex already offers is up to the Board of County Commissioners. We, both girls and boys junior varsity and varsity soccer teams, are writing this letter to ask permission to use two available soccer fields for training, Monday through Friday, beginning in the third week of October through the first week of February.

SEBRING HIGH SOCCER OVERVIEW

The Sebring High School Soccer program serves a minimum of 80 male and female student athletes. As a winter sport, there is some overlap with fall programs, such as football and band. During the month of October in this overlap, field space is very limited. A quality field is instrumental in the development of both the individual and team game for soccer. Training at the sports complex provides the opportunity for the soccer programs to receive the field coverage.

BENEFITS OF EXTRACURRICULAR ACTIVITIES

Extracurricular activities have been linked to an increase in school involvement and contribute to the overall well being of the athlete, equally in morale and health. Our athletes are commonly among the top of their classes and encourage new coming athletes to do the same. As coaches, we have a responsibility to periodically check grades and grade point averages, as well as being a point of contact for teachers who may need a strong influence to talk to their student athlete. For those student athletes who tend to form bad habits without an extracurricular activity, it is an incentive and an occupation that keeps them from forming those habits. It also teaches student athletes communication skills as they need to collaborate with one another during training and the time they spend together. In addition, the sport offers countless opportunities past high school. Soccer helps our athletes zero in on their goals and encourages them to put forth the effort to achieve them.

BENEFITS OF HOLDING PRACTICE

In using the county sports complex, there are many benefits for the Sebring High School Soccer teams. The most important benefit for the soccer teams from utilizing the sports complex is safety. There is an increased level of safety from anything happening outside a fenced in complex, especially when compared to other practice sites. Another benefit is the smooth turf and reliable surface. The open field surface supports player safety by preventing turned ankles and limited hazards surrounding the complex. The quality of soccer training relies heavily on the surface on which a team is able to train on. The surface of the sports complex allows soccer training to be performed at a higher level since the ball is able to move along the surface without bouncing from an uneven surface.

For practice, we are requesting use of any two available fields from 3:30pm to 6:30pm, Monday through Friday, during a two week span from October 18th to November 1st. Our match schedule will begin in the first week of November, with our home games being played at Fireman's Field. At the point in the season when games begin, our need for the requested fields will decrease. During this time, the most we would need the training space is two days a week. While this schedule is varied, our need will be most Mondays from 3:30pm to 6:30pm followed by a Thursday or Friday at 3:30 to 6:30pm. These schedules will be provided to the commission. We can also provide a schedule for needed field space dates and times.

INSURANCE AND RULES

We understand the need to mitigate the risk and understand that the commission may require us to become insured. We express our desire to comply with any and all of the requirements that the commission sees fits, including any house rules that may be in place or may arise. We understand that it stems from the desire to keep our students and citizens safe. As our programs operate under the policies of the School Board of Highlands County, we have submitted for the Highlands County School Board insurance policy to include the Highlands County Sports Complex for coverage. This document will be provided at the point at which it is completed.

GRATITUDE

We would like to extend our gratitude to the commission for their time and consideration of our request to use the County Fields for the Sebring High School's Boys and Girls Soccer Team for practice. We are very excited with the idea of providing our student athletes with a safe, clean and beautiful complex to train on. We look forward to hearing your decision.

Sincerely,

James Ashley

Re: Request for continuance of Lorida Community Center fee-waiver

Dear Ginger Svendsen / Parks & Facilities Management, Administrative Assistant

On behalf of The Friends of Istokpoga Lake Association, Inc. (FOILA) we respectfully request that the fees associated with holding our member meetings at the Lorida Community Center continue to be waived, as has been the case for many years. FOILA was founded in 1998 as a 501c3 charitable organization and continues to serve the needs of not only our membership, but also the community at large. We hope to hold several future meetings at the Lorida Community Center (Nov. 18, 2021, Feb. 17, 2022 & Nov. 17, 2022 are currently planned), all of which are open to the public at no charge.

The meetings include a subject-matter guest speaker and are regularly attended by representatives from Highlands County Dept. of Natural Resources, Florida Wildlife Commission and South Florida Water Management District. Topics cover what is going on in and around Lake Istokpoga with input from the different agencies responsible for managing the lake. In addition, Highlands County residents and local businesses are provided a one-on-one opportunity to interact with agency personnel in this unique setting,

Finally, it should be noted that FOILA is one of the founding "voting" members, on the Lake Istokpoga Management Committee and governed by The Board of County Commissioners. It would be very much appreciated if this request can be approved as soon as possible. Thank you for your consideration and continued support.

Sincerely,

Gary Lamperelli
President of FOI

4.B. The following Departments, Divisions, and Agencies offered no comment: Highlands County Engineering Department, Highlands County Natural Resources, and Florida Department of Environmental Protection.

4.C. The following Departments, Divisions, and Agencies did not respond: Spring Lake Improvement District, Florida Department of Transportation, Highlands County Emergency Management, Highlands County Emergency Medical Services, and Highlands County Fire Rescue.

5. Planning Division: The following analysis and findings of fact describe the physical, legal and cultural characteristics of the Applicant's property:

5.A. Natural Features Analysis:
1. **Topography:** The topographic map depicts the subject property as mostly level with an elevation between 40 and 45 feet.
2. **Soils:** The soils underlying the site are:
Malabar Sand Depressional, nearly level, very poorly drained soil located in the concave areas on the flatwoods and along the edges of swamps and marshes. This soil is ponded for 4 to 6 months each year. The water table is generally

within 10 inches of the surface for the rest of the year. This soil has severe limitations for all urban and recreational uses because of ponding. An effective drainage system that keeps the water table at a given depth is expensive and difficult to establish and maintain.

Arents, very steep; the soil is made up of loose, sandy mineral material, muck of variable thickness underlies the fill material and mineral material is below the muck. The available water capacity and the permeability depend on the composition of the fill material, with a water table at a of depth 10 to 80 inches. The soil is not used for cultivated crops and has varied limitations for urban and recreational development.

Basinger Fine Sand, nearly level, poorly drained soil located on low flatwood sand in sloughs and poorly drainageways. The water table is within 12 inches of the surface for 2 to 5 months during the summer rainy season. The soil has severe limitations for urban uses because of wetness,

Basinger Fine Sand Depressional, very poorly drained, sandy soil located in a wet depression. The permeability is rapid and internal drainage is very slow because of the high-water table. This soil is ponded for 4 to 6 months each year.

Kaliga Muck, frequently flooded, very poorly drained soil along Arbuckle Creek. The soil is subject to flooding for long periods of times during seasons of high rainfall. The soil is very poorly suited to urban or recreational development due to flooding, wetness, and low soil strength.

3. **Surface Waters:** The subject parcel is adjacent to several retention ponds located in the Spring Lake Improvement District and Lake Istokpoga.
4. **Vegetative Cover:** The site has been partially cleared of native vegetation and contains a large area of natural vegetation.

5.B. Zoning Analysis:

1. **Current Use of Land:** The current use of the land is vacant.
2. **Current Zoning Designation:** The site has a zoning designation of AU, R-1, R-2, R-3, CG-3 FUD, B-3, and I-2.
3. **Proposed Zoning Designation:** The proposed zoning designation is AU.
4. **Current Population Yield:** The current zoning designations allow various population yields within the different zoning districts in the property
5. **Proposed FLUM Intensity:** The proposed zoning allows up to 1 dwelling unit per 5 acres; 300 ÷ 5 acres = 60 dwelling units; 60 dwelling units x 2.25 persons = 135 persons. The Agriculture Future Land Use could limit the proposed intensity due to selected natural resources present in the property.
6. **The Applicant's proposed development program:** The Applicant is proposing to use the site for agricultural purposes.

5.C. Special Designated Areas:

1. **Environmental Protection:** The Conservation Overlay Map series of the Comprehensive Plan indicates that the site contains Wetland habitat. Pursuant to Natural Resource Element Policy 3.3. of the Comprehensive Plan, the Applicant is required to obtain Environmental Clearance at the time of development.

2. **Historic Resources:** The Florida Master Site File (FMSF) indicates that there are no known historic resources on the property.

1.02 This Agreement has been negotiated in good faith to assure a sound and mutually beneficial working and economic relationship between the County and the Union hereto, to establish an orderly and peaceful means of resolving any misunderstandings or differences which might arise, and to set forth herein basic and full agreements between the County and Union concerning wages, hours, benefits and other terms and conditions of employment.

1.03 The Union recognizes that the County is engaged in furnishing essential public services which are vital to the health, safety, comfort and well-being of the public and their best interest will be served by the assurance of orderly, efficient and uninterrupted operations.

1.04 It is further understood and agreed that neither the County nor Union has been induced to enter into this Agreement by any representation or promises made by the other which are not expressly set forth herein and that this document correctly sets forth the effect of all preliminary negotiations.

1.05 This contract constitutes the entire agreement and understanding between the County and Union and shall not to be modified, altered, changed or amended in any respect except on mutual agreement set forth in writing and signed by both the County and Union.

1.06 Appendices and amendments of this Agreement, if any, shall be lettered or numbered, dated and signed by the parties, and shall constitute part of this Agreement.

Article 2. Savings Clause

If any provision of this Agreement or the application of such provision shall be rendered or declared invalid by any court of competent jurisdiction, the remaining parts or portions of this Agreement shall remain in full force and effect. In the event of the foregoing, the Union and County agree to renegotiate a replacement provision, after written notice.

Article 3. Recognition

3.01 The County hereby recognizes the Union as the sole and exclusive collective bargaining representative in accordance with Chapter 447, Florida Statutes, as amended, in accordance with Certificate 1933 from the Florida Public Employees Relations Commission for those employees that the Union is authorized to represent for the purpose of bargaining collectively with respect to wages, hours, benefits and other terms and conditions of employment, unless the Public Relations Commission revokes the Union's certificate pursuant to a vote of a majority of the bargaining unit employees.

3.02 Member is defined as any full-time classified member of Highlands County Fire Rescue, as listed in PERC Cert# 1933, who is employed to engage in prevention or suppression of fires, emergency medical services or other related duties.

Article 4. Representatives of Parties

4.01 The County agrees that during the term of this Agreement it will deal only with the authorized representatives of the Union in matters requiring mutual consent or other official action called for by this Agreement. The Union President or his/her alternate will be the official spokesman for the Union in any matters pertaining to this Agreement. The alternate shall be selected Executive Board.

4.02 A written list of the Executive Board of the Union shall be furnished to the Public Safety Director and the Human Resources Manager as soon as practicable after their selection.

If the member refuses to sign, such refusal will be witnessed by a Union Representative. The material(s) will be placed in the member's file whether they sign or refuse to sign. Members shall receive copies of all disciplinary materials or materials critical of job performance that are placed in the member's file.

5.04 At any time after a three (3) year period following a written warning or other written disciplinary action being placed in a member's personnel file, the Public Safety Director or his/her designee shall, at the member's request, review that particular disciplinary action with that member. If the Public Safety Director or his/her designee feels after that discussion that the element of the member's performance which was the subject of the disciplinary action, has been corrected, a memorandum to that effect shall be placed in the member's file. The original documentation will not be removed from the member's personnel file. This provision shall not prevent the County from disciplining members for any legitimate reason at any time.

5.05 The Union, its members, agents or representatives, or any person acting on their behalf, are hereby prohibited from soliciting members during working hours and distributing literature to members during working hours in the workplace. This section shall not be construed to prohibit members from discussing Union business informally among themselves, so long as these discussions do not interrupt, delay or otherwise interfere with the effective and proper service of the Department. In addition, these informal discussions shall, when possible, take place during off duty hours.

Article 13. Leave

13.01 Annual Leave

The purpose of annual leave is to provide bargaining unit members time away from normal work activities without loss of pay or benefits. All annual leave will be counted as time worked for the purpose of determining overtime pay.

A. Annual leave benefits shall accrue during the first six (6) months of the employees twelve (12) month employment probation. Annual leave benefits may not be utilized until credited the last day of the pay period of the members six (6) month anniversary.

B. Promotions, training, reinstatements, reclassifications, lateral transfers, and disciplinary periods of probation are not considered initial probation provided the minimum probationary service has previously been satisfactorily completed.

C. The maximum allowable carry-over of annual leave shall be 240 hours. All accrued annual leave hours in excess of 240 hours at the end of each calendar year will be deleted from accrued benefits without reimbursement. It is an employee's personal responsibility to request and schedule leave in order to avoid losing hours at the end of the calendar year.

D. DROP/Retirement Exception

Those bargaining unit members who are within two (2) years of the effective date of DROP participation, may exceed the two hundred forty (240) hour cap to a max of 500 hours of annual leave for purposes of the annual leave buyback program in FRS. A bargaining unit member must submit a written request at the time of his/her decision to the Public Safety Director. Should the bargaining unit member not DROP or retire within the year of the anticipated DROP/retirement date, the bargaining unit member shall retroactively forfeit the total number of hours the bargaining unit member was allowed to carry over above the bargaining unit member's cap.

E. Annual Leave will be approved and scheduled, insofar as practical, at those times requested by bargaining unit members. However, because of the criticality of the work performed by members, it may be necessary to limit the number of bargaining unit members taking Annual Leave during a particular time, including the use of annual leave concurrent with exchanges of duty. However, the approval of annual leave requests under this section, including the use of annual leave concurrent with exchanges of duty, will not be denied provided normal operations and functions are not adversely affected or interrupted.

F. Requests to use Annual Leave shall be submitted no less than seventy-two (72) hours in advance. Where deemed appropriate, management may waive this requirement.

G. Annual Leave shall be requested in increments of no less than twelve (12) hours commencing at either 7:00 a.m. or 7:00 p.m. However, requests for annual leave for educational classes may be granted in hour for hour increments of no less than four (4) hours, provided that the educational classes are approved by Management.

H. Compensation for unused annual leave shall be paid, up to 240 hours, when a bargaining unit member separates employment, whether administratively, voluntarily, or involuntarily. Annual leave value at separation shall be computed by multiplying the bargaining unit member's current hourly rate, times 140%, times the number of hours of accrued annual leave.

This chart is provided to serve as an explanation of the disparity between general employees and 56 hour bargaining unit members, who with the same annual salary would receive a lower payout upon Retirement. Due to the lower hourly rate, this disparity is corrected by calculating the payout with 140% of the normal hourly rate.

$10,000 annual salary	$10,000 annual salary
40-hour workweek / 2080 hrs. per year	56-hour workweek / 2912 hrs. per year
$4.80 per hour	$3.43 per hour
240 annual leave hrs. cash out	240 annual leave hrs. cash out
240 x $4.80 = $1,152	240 x $3.43 = $823.20
	-$328.80
	$3.43 x 140% = $4.80 = $1,152

I. Payment shall be included in the bargaining unit member's final paycheck, provided:

(a) All Board property and materials in the bargaining unit member's possession are properly returned or accounted for.

(b) Two (2) weeks notification is given prior to separation.

(c) All insurance premiums, educational, and training obligations have been fulfilled.

J. In case of death, payment for unused annual leave at the time of death shall be made to the bargaining unit member's designated beneficiary or as otherwise provided by law.

K. Bargaining unit members shall not earn annual leave during breaks of service. A bargaining unit member who has officially separated from Board employment will start from a balance of zero (0) annual leave hours if rehired. Service in the elected official category shall not be used in computing continued service.

L. Annual Leave Accruals

(c) The payout may be split into multiple pay periods.

(d) It is the responsibility of the bargaining unit member to fill out the County's Annual Leave Payout Form and ensure that it is submitted to Human Resources in a timely manner. Failure to do so, may result in a delay in the payout.

40-hour workweek / 2080 per year	56-hour workweek / 2912 per year

19.06 The County and Union agree to the Discipline Matrix in Appendix D. Upon request and if both parties agree, the Union President and Public Safety Director may meet and amend the discipline matrix. The intent of this matrix is to standardize the initial and progressive discipline given to bargaining unit members after an investigation and an alleged charge is upheld.

Article 20. Wages

The following compensation schedule for bargaining unit members is hereby established contingent upon funding by the Highlands County Board of County Commissioners. All pay plan salary changes take effect the first full pay period after the recited date in the following sections. 20.01 **Salary Range Adjustments (COLA's)**

During the term of the agreement, cost of Living Adjustments ("COLAs"), if approved by the County, will be applied to the bargaining unit. Bargaining unit members on probation will not receive the pay plan increase if not employed for four (4) months or more. If this occurs, the probationary bargaining unit member would then be eligible for the next step as stated above.

Thereafter, Pay Plan increases shall be in accordance with Appendix A; bargaining unit members not at the maximum rate of the pay range in their classification shall advance one step in the pay plan the first full pay period after April 1 of each fiscal year to the next Step of the plan.

The number of bargaining unit members eligible to receive certification pay, will be limited to 20 slots in each of the certifications below. As slots become available, the County will fill by awarding the pay to the non-probationary bargaining unit member with the oldest certification.

If the Hazardous

Materials Team Leader is a bargaining unit member, they shall be paid $5,000 annually.

Bargaining unit members assigned as Field Trainers by the Public Safety Director shall be paid at a rate of five percent (5%) above their straight time base rate of pay for a Training assignment allowance.

20.05 **Provisional Paramedic / Provisional Fire Fighter Paramedic Positions**

Effective the first full pay period after October 1, 2021, for purposes of bargaining unit member retention, provisional Paramedic or FF/Paramedic positions are allowing EMTs or FF/EMTs with current Paramedic certification, to credential as a Paramedic when there are no vacant Paramedic or FF/Paramedic positions and minimum Staffing levels are met including all float positions.

Article 21. Schedule, Work Week and Overtime

21.01 Schedule

(a) The current 24-hour shift consisting of 24 hours on duty and 48 hours off duty shall remain in effect unless amended by mutual agreement of the Union and County. The average annual weekly hours of work on this shift is 56 hours per week. Shifts will begin at 0700 hours for all members.

(b) Eight (8) hour members shall be on a Monday through Friday 8:00 am to 4:00 pm schedule excluding observed holidays that are approved by the Board of County Commissioners. The Public Safety Director shall have the authority to flex an eight (8) hour members schedule with a 72-hour notice for special projects or assignments. The Public Safety Director will consider any hardships presented by the member prior to the re-assignment.

21.02 Work Weeks / Pay Cycles

v. EMS only members will be on a 7-day work week and a 14 day pay cycle.
vi. Fire EMS members will be on a 14-day work period and pay cycle.

21.03 Overtime

(a) EMS only employees assigned to a duty schedule of 24 hours on duty and 48 hours off duty who work in excess of 40 hours in the 7-day work week shall be eligible for overtime pay at one and one-half (1.5) the regular hourly rate of pay.

vii. Dual certified Fire EMS employees assigned to a duty schedule of 24 hours on duty and 48 hours off duty who work in excess of 106 hours in the 14-day pay cycle shall be eligible for overtime pay at one and one-half (1.5) the regular hourly rate of pay. It is the intent of the parties that 7K of the Fair Labor Standards Act, as amended, shall be applicable.
viii. Employees assigned to a 40-hour work week schedule who work in excess of 40 hours in the 7-day work week shall be eligible for overtime pay at one and one-half of their regular hourly rate of pay.

21.04 Voluntary Overtime Procedure

Shall be posted and awarded to an individual that voluntarily accepts the assignment.

In the event that two (2) or more bargaining unit members volunteer to accept the overtime, the overtime shall be awarded to the person highest on the mandatory list.

In the event that bargaining unit member is awarded the shift that bargaining unit member shall be moved to the bottom of the Mandatory List. Bargaining unit members at their request are able to pick up twelve (12) hours of overtime instead of the whole twenty-four (24) hour shift.

21.05 Mandatory Overtime

All bargaining unit members shall be placed on a Mandatory list. This list shall be maintained, and kept current, and made viewable to all on-duty bargaining unit members.

Bargaining unit members shall not be assigned a scheduled mandatory overtime assignment less than seventy-two (72) hours in advance or greater than seven (7) days in advance.

Bargaining unit members shall be notified via County email and via phone call no later than fifteen (15) minutes prior to their end of shift for emergent mandatory overtime.

21.06 Compensatory Time

The Union and the County agree that compensatory time will be administered in accordance with the Personnel Rules and Regulations Manual.

21.07 Cancellation of Overtime

If a scheduled overtime assignment must be cancelled or reduced in length the member scheduled to work said overtime shall be notified prior to arriving at their assignment. If the member arrives at work prior to notification, the member shall be compensated four (4) hours pay beyond what they have worked to that point.

Article 22. Shift Trade / Substitution

22.01 Shift Trade / Substitutions are permitted for non-probationary bargaining unit members with prior approval of a Battalion Chief or Captain with at least forty-eight (48) hours advance notice. Prior approval and the 48-hour notification may be waived by the Battalion Chief or Captain. Shift exchanges for probationary bargaining unit members may be permitted with prior written consent by the Public Safety Director or a higher rank.

22.02 Shift exchanges will be rank/classification for rank/classification or may be FF/EMT for EMT or FF/PM for PM as long as no drop in service and approved by a Battalion Chief or Captain.

22.03 Any bargaining unit member on duty by virtue of a shift exchange or partial shift exchange shall be entitled to the same benefits, privileges, and protections and shall assume the same responsibilities as any on-duty personnel.

22.04 A replacement who leaves work early or calls out because of illness shall have the sick leave deducted from his/her bank and not from the bank accrued by the bargaining unit member originally assigned to the shift. Under other circumstances, payroll computations will not be affected by shift exchanges or partial shift exchanges.

22.05 Shift exchange constitutes an even exchange and neither bargaining unit member becomes eligible for overtime pay because of a shift exchange and the shift exchange will not cause overtime at time of approval.

22.06 Shift exchanges may not be taken in order to engage in outside employment. This provision may be waived at the discretion of the Public Safety Director.

22.07 A bargaining unit member who abuses this Article shall be subject to the loss of the right to exchange shifts for the period of three (3) months. Members of the bargaining unit are encouraged to police the practice themselves with the operational needs of the County, as well as the practical needs of their teammates in mind. Any member of the bargaining unit who agrees to exchange a shift, but fails to report to work the agreed shift due to illness will first have the equivalent number of hours missed deducted from his/her sick leave accrual, and if such accrual balance is insufficient to cover the number of hours used, then the member will have his/her salary deducted accordingly.

22.08 If an individual who is employed in any capacity by a public agency which is a State, political subdivision of a State, or an interstate governmental agency, agrees, with the approval of the public agency and solely at the option of such individual, to substitute during scheduled work hours for another individual who is employed by such agency in the same capacity, the hours such employee worked as a substitute shall be excluded by the public agency in the calculation of the hours for which the employee is entitled to overtime compensation under this section.

22.09 The Fair Labor Standards Act (FLSA) under certain circumstances, permits two employees of a public agency, with that agency's approval, to substitute for one another during scheduled work hours in the same capacity without those hours being subject to overtime. Even though a substitution has occurred, each employee will be considered to have worked his or her normal schedule, and the traded time will not be considered in calculating hours for overtime for the substituting employee. The arrangement for trading time and payback is left to the two employees involved. Key points of a shift swap/time trade for hours that would not be overtime for the substituting employee include:

(a) The employee's decision to substitute must be freely made, and without coercion, direct or implied, so the request is exclusively for the scheduled employee's convenience. The regulations note, an employer may suggest an employee substitutes or "trades time" with another employee working in the same capacity during regularly scheduled hours, but each employee must be free to refuse to perform such work without sanction and without being required to explain or justify the decision.

(b) The employer must be aware and approve of the substitution beforehand, thus the county must know what work is being done, by whom it is being done, and where and when it is being done.

Article 23. Working Out of Classification

23.01 The County agrees to take necessary action to minimize the utilization of bargaining unit members working out of their classification by making every reasonable effort to have sufficient relief personnel of each rank.

23.02 When it is necessary that a bargaining unit member work in a higher classification for two (2) or more consecutive shifts, the bargaining unit member shall be paid at a rate of five (5%) percent above their base hourly rate. Should the bargaining unit member work in a higher classification for more than 180 consecutive calendar days, the bargaining unit member will receive ten (10%) percent above their base hourly rate for the remainder of the upgrade in the higher classification.

23.03 The promotional eligibility list, if available, shall be considered when temporarily filling vacancies in a higher classification without resulting in a transfer from shift to shift or to another division.

Article 24. Seniority, Layoffs and Recalls

24.01 The Department shall maintain a seniority list that shall be brought up-to date each year by January 1st and posted at all stations. A copy will be mailed and certified to the President of the Union. Any objection to the seniority list, as posted, shall be promptly reported by the individual member.

24.02 County seniority is understood to mean a member's continuous full-time length of services with the Fire Rescue Division. Continuous service is based on the most recent date of full-time employment or reemployment by the County. Members with the same hire date will use the last two (2) digits of their social security number as the tie breaker for seniority with the lower number being most senior.

24.03 Station Bids will be conducted within each classification using hire date seniority, in accordance with Article 33.

24.04 Seniority will continue to accrue during all types of leave except any leave without pay.

24.05 Members shall lose County seniority upon separation, excluding members recalled from layoff under the provisions of recall rights.

24.06 Layoff - In the event of a personnel reduction, bargaining unit members shall be given no less than five (5) working days of notice in advance of layoff and shall be laid off in the following order:

Members on initial probation and

Full-time members by classification determined by the Public Safety Director.

Full-time members in a given classification shall be laid off in reverse order of their County seniority.

24.07 Members who are laid off shall have the right to bump (i.e., displace) the member with the least County seniority in a lower classification in the bargaining unit, provided the bumping member has greater County seniority and can perform all of the essential functions of the lower classification satisfactorily. Bumped (i.e., displaced) members shall be laid off unless they can, in turn, bump into a lower classification.

24.08 Members who accept or are placed in a lower classification as a result of layoff shall receive an hourly rate not to exceed the maximum rate for the lower classification or their current hourly rate, whichever is lower.

24.09 Recall shall be in reverse order of layoff.

24.10 Members retain recall rights to the classification from which they were laid off or bumped for twelve (12) months. If recalled within that twelve (12) month period, the member's County seniority shall be restored. Otherwise, they shall be considered a new member.

24.11 The County reserves the right to require successful completion of a post-recall physical examination before any recalled member returns to work. Said physical examination shall be consistent with the County's pre-employment requirements.

The County will offer recall to laid-off members by certified mail to the last known address on file with the Human Resources Division. Within seven (7) calendar days after receiving the recall letter or within seven (7) calendar days after the first attempt is made to deliver the recall notice letter via certified mail, laid-off members must notify Human Resources in writing that they intend to return to work and must report to work within (14) calendar days of the date stated on the recall letter. Failure to do so shall result in a forfeiture of seniority and recall rights. The Union President will be copied via email on all notice letters sent per this section.

Article 25. Physical Examination and Workplace Exposure

25.01 The County agrees to medical exams for all bargaining unit members which will be administered annually by the County, subject to funding, while the employee is on-duty, commencing October 1, 2021. The physical will be conducted at contracted facilities mutually agreeable to the County and the Union and shall consist of the following minimum requirements: NFPA 1582 compliant medical exam, 12 lead EKG interpreted by a licensed Cardiologist when abnormalities are identified, Chest X-Ray as recommended by examining physician (at the employee's option), Mammogram at the employees option, Hepatitis screening and immunization, Heavy Metal testing for all bargaining members performing FF duties, Prostate Specific Antigen (PSA) test for all males age forty (40) or over and to other males as recommended by examining Physician, Ultrasound Body Scan as recommended by the examining physician.

25.02 During the term of this agreement, the parties agree to discuss and consider adoption of the IAFF/IAFC Wellness Fitness Initiative project as the guidelines for employee health and wellness. Bargaining unit members may utilize Fire/Ems Station Fitness areas or other private venues to meet fitness goals. The county and the union agree there is a shared interest in the health and wellness of all bargaining unit filling positions requiring the physical strength and endurance that is required in responding to and mitigating emergency situations.

25.03 The County agrees that the results of the physical information shall remain confidential between the employee and the health care provider(s). The Union agrees that should the results of the mandatory medical examination result in a bargaining unit member filing a worker's compensation claim that the information from such physical related to the claim shall then be made available to the County for the purpose of claim evaluation.

25.04 Presumption

Any bargaining unit member diagnosed with a presumed Blood Borne disease as defined by FSS 112.181, shall be covered by the County. All bargaining unit members that did not have an initial physical exam upon hiring, will have a baseline physical performed to meet said presumption requirement in accordance with State Law.

Article 26. Educational Reimbursement

26.01 Members are eligible for tuition reimbursement for courses that are applicable to the employee's current duties with Public Safety Director approval, as funding permits.

26.02 Requests for tuition reimbursement or tuition payment will be sent via email to the Training Division for consideration using the County's Educational Assistance Form (Appendix C). Bargaining unit members must submit their request thirty (30) days prior to the start of the course. Any request less than thirty (30) days must be submitted to the Public Safety Director for consideration of approval. The Training Division will advise the member if funding is available for the course via email. The decision of approval / denial of the request, will be final and not subject to the grievance procedure.

26.03 Training reimbursement eligibility is for classes and/or courses designed to increase job related knowledge and/or improve job skills. Training includes, but is not limited to, the attainment of a license or certificate.

26.04 A bargaining unit member may attend routine training during normal work hours. A bargaining unit member will not be allowed to attend specialized training during normal work hours except when such training is only available during working hours or is a part of an established departmental program.

26.05 The County will pay for or reimburse a bargaining unit member for any mandatory continuing education/training necessary for certification, re-certification, or renewal of license(s) appropriate for the position held. IF the Department sponsors a similar course available to the bargaining unit members, this reimbursement will be denied.

26.06 Bargaining unit members mandated by the Public Safety Director to attend advanced training during their off-duty hours will be compensated at time-and-one-half of their regular rate of pay for each hour required to attend such training. The department will make every effort to arrange this training during on-duty hours. Comp Time may be approved for this training in lieu of overtime compensation.

All members shall be subject to the Firefighter's Bill of Rights.

31.02 Grievances will be processed in the following manner. Prior to initiating a formal grievance, the bargaining unit member must discuss the alleged grievance with their immediate supervisor outside the bargaining unit. If a grievance arises from the action of an official higher than the immediate supervisor outside of the bargaining unit, then the grievance may be filed at the step associated with that higher official. The union will make a good faith effort to provide a copy to County's Legal Department. Failure to provide such copy shall not raise a claim of procedural arbitrability. Upon mutual written consent, the Union and County may agree to expedite the grievance to a higher step or to proceed arbitration.

Step 1. Initial Review

Within seven (7) days after receipt of such panel, the parties will meet in person or confer by telephone to select an arbitrator. The Union and the County shall have the right to alternatively strike three (3) names from the list. The name remaining shall be the arbitrator. As promptly as possible after the arbitrator has been selected, the arbitrator shall conduct a hearing between the Union and County and consider the subject matter of the grievance. The decision of the arbitrator will be served upon the County and the Union in writing. The expenses of the arbitrator shall be shared equally by both the Union and County. Each party shall be exclusively responsible for compensating its own representative(s) and witnesses. If a court reporter or verbatim record of the proceeding is desired, the expenses of the reporter and the cost of the transcript shall be paid by the party requesting such. All arbitration hearings shall be held at a location mutually agreed to by the Union and County.

31.03 The Union and the County shall mutually agree in writing as to the statement of the grievance to be arbitrated prior to the arbitration hearing, and the arbitrator shall confine his decision to the particular grievance thus specified. In the event the Union and County fail to agree on the statement of the grievance to be submitted to the arbitrator, the arbitrator will confine his consideration and determination to the written statement of the grievance presented in Step 3 of the grievance procedures as well as the counties response to same. The power and authority of the arbitrator shall be strictly limited to determination and interpretation of the express terms of this Agreement. The decision of the arbitrator is final and binding on both Union and County, subject to judicial review. The arbitrator shall not be empowered to alter, amend, add to, or eliminate any provisions of this Collective Bargaining Agreement. No decision of any arbitrator or of the County in one (1) case shall create a basis for retroactive adjustments with reference to any prior occurrences not a part of the grievance.

31.05 All bargaining unit members shall use the grievance procedure specified in the Grievance and Arbitration procedure Article regardless of Union membership or lack thereof. If the Union waives the right to process a grievance for a bargaining unit member who is not a member of the Union, the bargaining unit member may process such grievance through the procedure specified in the Grievance and Arbitration procedure Article without Union participation.
